### **Description**

The Government intends to award a single Firm-Fixed-Price contract for the design, development, and sustainment of the Enterprise Logistics Data Platform. The platform will consolidate supply, maintenance, and transportation data into a single authoritative source for Army logistics decision-making.

This is a total small business set-aside. The applicable clauses of the Federal Acquisition Regulation (FAR) and the Defense Federal Acquisition Regulation Supplement (DFARS) are incorporated as stated in Sections H and I of this solicitation.

## SECTION C - STATEMENT OF WORK

### C.1 Kickoff and Planning

The Contractor shall hold a program kickoff meeting within 10 business days after contract award. The kickoff shall cover the integrated master schedule, staffing plan, and risk register.

The Contractor shall submit a Quality Control Plan within 15 days after contract award. The plan shall describe inspection procedures for each deliverable listed in Section F.

### C.2 Design Deliverables

The Contractor shall deliver the System Design Document within 30 days after contract award. The document shall include the data architecture, interface control descriptions, and the security architecture aligned to the Army cloud reference design.

All software developed under this contract shall be delivered with unlimited Government purpose rights unless otherwise negotiated prior to award.

### C.3 Personnel

All Contractor personnel requiring access to Government systems shall complete cyber awareness training before access is granted. Evidence of completion shall be provided to the Contracting Officer's Representative.

Key personnel substitutions require written approval from the Contracting Officer no fewer than 15 days in advance.

## **SECTION F - DELIVERIES AND REPORTING**

### **F.1 Recurring Reports**

The Contractor shall submit a Contract Status Report no later than the 15th day of each month. The report shall summarize technical progress, schedule status, and any issues requiring Government action.

The Contractor shall conduct quarterly program management reviews at the Government facility. Slides are due 5 business days before each review.

### **F.2 Invoicing**

The Contractor shall submit invoices electronically through Wide Area Workflow on a monthly basis. Invoices shall reference the contract line item number for each charge.

### **F.3 Transition**

The Contractor shall provide a transition-out plan no later than 90 days before contract completion, including knowledge transfer sessions and an inventory of Government property.

## **SECTION H - SPECIAL CONTRACT REQUIREMENTS**

### **H.1 Safeguarding and Cyber Incident Reporting (DFARS 252.204-7012)**

The Contractor shall provide adequate security on all covered contractor information systems in accordance with NIST SP 800-171.

The Contractor shall rapidly report cyber incidents within 72 hours of discovery to the Department of Defense at <https://dibnet.dod.mil>. Reports shall include the incident report number assigned by DoD.

### **H.2 Cloud Computing (DFARS 252.239-7010)**

The Contractor shall maintain FedRAMP Moderate authorization for all cloud services used in performance of this contract. Data shall remain within the United States unless otherwise authorized in writing.

### **H.3 Limitations on Subcontracting (FAR 52.219-14)**

The Contractor shall not pay more than 50 percent of the amount paid by the Government for contract performance to subcontractors that are not similarly situated entities.

### **H.4 Organizational Conflicts of Interest**

The Contractor shall disclose any actual or potential organizational conflict of interest within 5 days of discovery.

## SECTION L / M - INSTRUCTIONS AND EVALUATION

### L.1 Proposal Submission

Proposals are due no later than 2:00 PM Eastern Time on August 15, 2026. Late proposals will not be considered.

Technical proposals shall not exceed 25 pages, excluding the cover page, table of contents, and resumes.

Offerors shall submit questions in writing no later than July 25, 2026. Answers will be posted as an amendment on SAM.gov.

### M.1 Basis of Award

The Government will evaluate proposals using a best value tradeoff between technical merit and price. Technical merit is significantly more important than price.

Evaluation factors: Factor 1 - Technical Approach; Factor 2 - Past Performance; Factor 3 - Price. Offerors without relevant past performance will receive a neutral rating.
